Since we believe that divine healing is provided for all in the atonement, why are some people not healed? Could it be hidden personal sin, lack of faith, or failure to claim the promises of God that prevented their healing? 10:8:20
The Church of God believes in and practices feet washing. However, since a major portion of contemporary Christendom has rejected this practice, how do you counter the arguments against it? 8:27:19
While all evangelical Christians believe that Adam and Eve were our original progenitors, many theologians and scientists claim that some sort of creatures existed on earth even before the six days of creation mentioned in the Book of Genesis.
